The 3rd Third
A FULCRUM COMPANY

All attendees will receive a valuable, digital mystery device!

Spend a Day with

Rose Keating and Daina Kalnins

From
Frustration
to Freedom
Take Control
of your
Computer

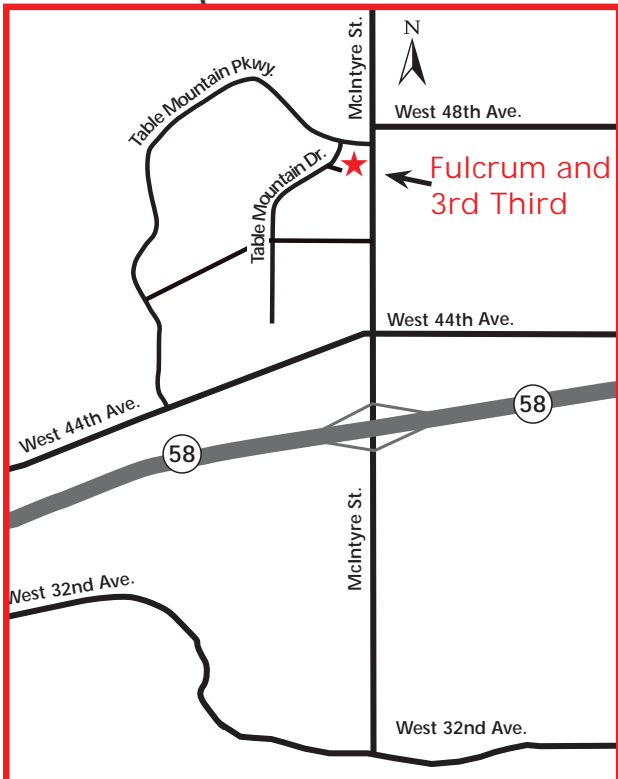

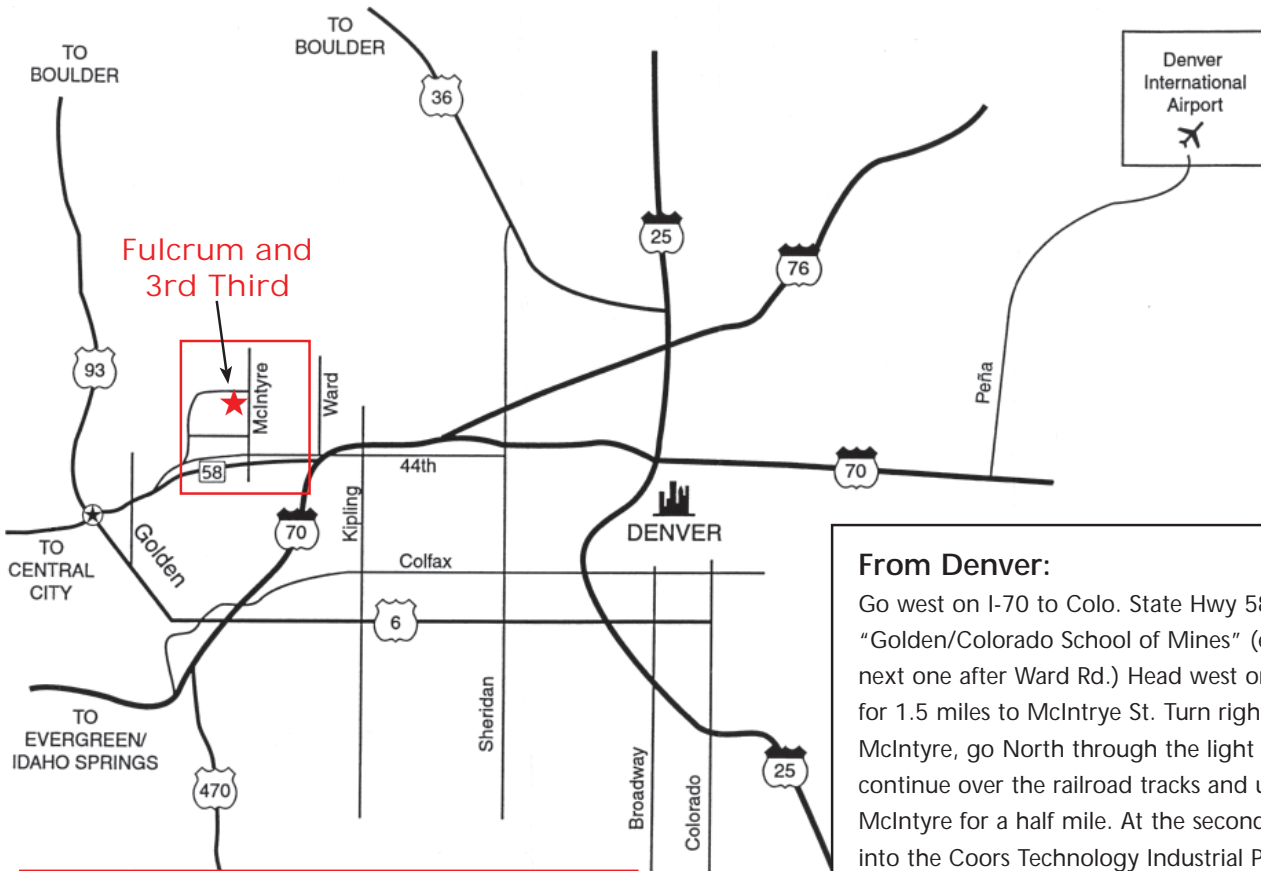

Rose Keating and **Daina Kalnins** will show you simple solutions to the things that drive you crazy when working on your computer. Be it searching the web or working in a program. You will learn numerous shortcuts to sanity. The class will be tailored to the needs and frustrations of the attendees. So if you're a computer whiz or a computer wimp, you will find this seminar very satisfying.

Rose and Daina have been teaching computer skills at the Denver Public Library for the past 14 years. They are unlikely to be stumped by your questions. And it will be lively as these two ladies are very comfortable in front of a group and enjoy sharing their insights, shortcuts and secrets ... along with a few laughs.

Rose is a consultant in computer systems, a programmer of 36 years, and founder of the non-profit Tech For All. When she's not with clients she's at her foundation where they accept donated computers and restore them for those who do not have the means to buy their own. Between Rose's work with the Federal Government, NASA, Homeland Security and having been on the internet since 1978 (she was user 1,046), Rose has seen many evolutions in computer technology.

Daina earned her BA in Math and MS in Computer Science at CU Boulder. In her 20 years with AT&T, she tested phone systems including voice mail in Bell Laboratories and held positions in sales support teams responding to RFPs and developing in-house tools. Currently she's a part-time database manager, web "mistress" and hostess for the Colorado Pharmacists Society working with her husband, the Executive Director. Daina enjoys cycling and causing trouble with Rose (she maintains Tech for All's website too)!

From Denver:
 Go west on I-70 to Colo. State Hwy 58 exit "Golden/Colorado School of Mines" (exit is the next one after Ward Rd.) Head west on Hwy 58 for 1.5 miles to McIntyre St. Turn right onto McIntyre, go North through the light at 44th, continue over the railroad tracks and up McIntyre for a half mile. At the second left turn into the Coors Technology Industrial Park onto Table Mountain Parkway. (There are 3 flags at this entrance). Then take the first left onto Table Mountain Drive. We are the first building on the left, Suite 100.

From the South and West:
 Take C470 North and exit onto I-70 East. Continue on I-70 until State Hwy 58 exit (the one after 32nd and Youngfield exit). The Hwy 58 exit will fly over I-70 and proceed West. The first exit off Hwy 58 will be McIntyre Street. Take McIntyre and travel North. You will cross through the intersection at 44th and continue North over the railroad tracks and go about a half mile. At the second left, turn into the Coors Technology Industrial Park onto Table Mountain Parkway. (There are 3 flags at this entrance). Then take the first left onto Table Mountain Drive. We are the first building on the left, Suite 100.
